June 22nd, 1962.

Cler

Dear Dr. Böhnecke,

We would appreciate very much if you could kindly send us as soon as possible a report on the recent developments of SCOR for distribution to the Members of the Executive Board of ICSU which is to meet from 24-28 September 1962.

This report should include the following headings :

- Scientific Committee on Oceanic Research (change in constitution to include National Members' representatives);
- Indian Ocean Expedition;
- Relations with Intergovernmental Oceanographic Commission.

We have of course already received in the Secretariat documents relative to these headings and this is why we are only asking you about recent developments.

It would be most helpful if you could send us this report before the end of July to enable us to have it reproduced and distributed before the beginning of the meeting.

Thanking you in advance,

Yours sincerely,

A. E. DECAE  
Executive Secretary

Dr. G. BOHNECKE
